Capabilities Statement

URChoices® services help employers create, build, and sustain work environments to achieve business objectives. Through supporting employee growth, we help companies and organizations develop and retain a more valuable, productive workforce.

Past Performance

- *U. S. Journal Annual Training Institute (2016-Present).* Series of trainings to 350+ licensed behavior health addictive disorders professionals.
- *National Association of Social Work-FL (2013-Present).* Annual statewide delivery of training in key areas of Florida (35-69 person groups) and presentations and trainings at annual 300+ conferences (licensed behavioral health professionals).
- *Alpert Jewish Family Services (2017-Present).* Exclusive provider of professional training, on-going consultation services and follow-up to 65+ licensed behavioral health and psychological professional staff.
- *Florida Mental Health Counselor Association (2014-Present).* Presenter of choice to 600-700-person attendees at annual behavioral health and related health care professionals statewide conference.

Differentiators: How We Work

- **Needs Assessment:** URChoices® company training packages being with a 1-to-1 Employer discovery session, defining and prioritizing major problems.
- **DiSC Model:** URChoices® incorporates certified DiSC Model Behavioral specialists, identifying individual work group differences.
- **URChoices® Service Goal:** As client partners, we are relentless in designing each service package with quality, excellence, and currency, and delivered with proficiency and integrity to make URChoices® your only choice for service!
- **Customer Reviews:** Consistently high scores (6-7 on 7-point scale) for “informative”, “engaging”, “interactive” (translation, *not dull*) trainings and presentations leaving participants stimulated and energized.

Core Competencies: URChoices®

- Increase employee retention through providing rich experiences support company growth and well-being
- Increase productivity and lower office conflict by helping fractured leadership teams struggling to trust and communicate
- Retain valued employees during life crisis by providing problem-specific information ahead of unforeseen crisis
- Reduce workplace risk through building a workplace culture predicated on trust and exposing problem areas.
